La nostra VISION

Essere ambasciatori del Made in Italy nel mondo, offrendo prodotti che permettano ai pasticceri di esprimere al meglio il loro talento.

Our VISION

Being ambassadors of Made in Italy all over the world, by offering products that allow pastry chefs to express their talent at their best.

7000 PRODOTTI nel nostro catalogo

Una gamma completa, in costante crescita, studiata e realizzata per soddisfare le esigenze dei professionisti. Il nostro catalogo, dedicato alle attrezzature da laboratorio pensate per i pasticceri ed adatte a tutti i professionisti, raccoglie un'ampia gamma di articoli tradizionali ed innovativi e vuole rappresentare il punto di riferimento per i diversi settori del comparto food.

7000 PRODUCTS in our catalogue

A complete range, constantly growing, designed and built for meet the needs of professionals. Our catalog, dedicated to laboratory tools designed for pastry chefs and suitable for all professionals, collects a wide range of traditional and innovative articles and wants to represent the reference point for the different sectors of the food industry.

MADE IN ITALY significa innovazione e design

Per noi, il "Made in Italy" è l'identità che esprime i valori del territorio e una particolare attenzione verso i prodotti. L'accurata scelta dei fornitori e delle nostre lavorazioni ci permette di offrire dei prodotti di alta qualità.

MADE IN ITALY means innovation and design

Made in Italy is for us the identity that expresses the values of the territory and a particular attention to products. The careful choice of suppliers and our manufacturing allows us to offer high quality products.

Produzioni e materiali SOSTENIBILI

L'impegno verso il Pianeta è parte della nostra filosofia e delle nostre attività quotidiane.

I **PROCESSI DI PRODUZIONE** più efficienti, insieme a sistemi di gestione ambientale migliori, possono ridurre in maniera significativa l'inquinamento, i rifiuti e i consumi.

INIEZIONE: grazie a questo sistema vengono azzerati gli scarti produttivi, in quanto la materia prima viene utilizzata interamente. Inoltre, l'alta produttività degli impianti comporta una riduzione dei consumi.

TERMOFORMATURA: la nostra produzione consente, contemporaneamente e con brevi cicli di lavoro, di stampare articoli di forme e dimensioni diverse, valorizzando gli scarti utilizzandoli come materia prima secondaria per altre produzioni.

TAGLIO LASER: consente lavorazioni precise che utilizzano al massimo la materia prima, ottimizzando la produzione e riducendo gli scarti.

Utilizzo di **MATERIALI ECOLOGICI E RICICLABILI** per ridurre l'impatto ambientale.

Oltre ad essere riciclati, sono ecologici in quanto riciclabili al 100%, quando consentito dalla normativa alimentare. Diventano così risorse per nuove produzioni. Anche eventuali scarti produttivi vengono utilizzati in altre produzioni.

SUSTAINABLE productions and materials

We see the commitment to the Planet as a part of our philosophy and our daily activities.

*The most efficient **PRODUCTION PROCESSES** along with better environmental management systems can significantly reduce pollution, waste and consumptions.*

***INJECTION:** this system allows to eliminate production waste, because the raw material is entirely used. Furthermore, the high productivity of the industrial installations guarantees a reduction in consumption.*

***THERMOFORMING:** our production allows, at the same time and with short working cycles, to print articles of different shapes and sizes, enhancing the value of waste by using them as secondary raw material for other productions.*

***LASER CUTTING:** it allows precise workings that uses at most the raw material by optimizing production and reducing waste.*

*Use of **ECOLOGICAL AND RECYCLABLE MATERIALS** in order to reduce the environmental impact. In addition to being recycled, they are environmentally friendly as 100% recyclable, when permitted under food regulations. In this way they become resources for new productions. Any production waste is also used in other productions.*

La nostra SCELTA

Tradizione ed innovazione, insieme a ecosostenibilità e qualità, caratterizzano la filosofia dei prodotti del nostro catalogo.

Da sempre rivolgiamo il nostro impegno nella **ricerca di materiali e sistemi produttivi tecnologicamente innovativi**, seguendo la produzione degli articoli in modo puntuale e totale, dall'acquisto diretto delle materie prime al **controllo della produzione**.

Oggi questo non basta più: la ricerca è rivolta anche a trovare **sistemi innovativi per migliorare la qualità** ed il valore dei processi produttivi nel rispetto dell'ambiente.

Our CHOICE

Tradition and innovation, along with environment sustainability and quality, characterize the philosophy of the products of our catalogue.

*We have always been committed to **researching technologically innovative materials and production systems** by following the production in a timely and total manner, from direct purchase of raw materials to **production control**.*

*Today this is not enough anymore: the research is also aimed at finding **innovative systems in order to improve the quality** and value of production processes, while respecting the environment.*

PRALINE

Policarbonato - Polycarbonate
Stampo - Mould: 275x175 mm

DESIGN BY
MUSTAFA ZAKI

Le sinuose onde delle dune hanno ispirato le praline della linea Waves. Come il vento rinnova con il suo passaggio le forme, potrete con la vostra creatività dar vita a sempre nuove proposte. Arricchendo le praline con ganache dai sapori orientali, utilizzando spezie ed aromi di paesi lontani, accompagnerete i vostri clienti in fantastici viaggi del gusto.

The sinuous sand dune swells have inspired the pralines of the Waves line. As the wind renews the shapes with its passage, you can give life to new creations with your creativity. Enriching the pralines with oriental flavours ganaches, using spices and aromas from far away countries, you will accompany your customers on fantastic journeys of taste.

Double

A TASTY PRALINE EXPERIENCE

Double

Doppia forma, doppio gusto

L'incontro di forme e gusti in un cioccolatino pensato per una nuova esperienza sensoriale. La forma delle praline attrae, ma ciò che conquista è la possibilità di diversificare il ripieno creando armonie di gusto, oltre che cromatiche. Originali accostamenti che sapranno sorprendere.

Double shape, double taste

Shapes meet tastes in a chocolate praline designed for a new sensory experience. The shape of the pralines might attract, but the real conquer is the possibility of diversifying the filling by creating taste harmonies as well as colors. Original combinations that will surprise you.

ChocoFruit

Le Praline tridimensionali a forma di frutta
Tridimensional fruit-shaped pralines

Dalla collaborazione con il maestro cioccolatiere Massimo Carnio nascono gli innovativi stampi 3D in policarbonato per realizzare eleganti praline a forma di frutta.

Facili da decorare con differenti tecniche, si riempiono e si svuotano con semplicità, grazie anche ad un dettaglio sul fondo che assicura un lavoro pulito e di maggior precisione. Progettati per permettere un'ottimale cristallizzazione del cioccolato e una facile sformatura, consentono la creazione di sottili camicie per accogliere emozionanti farciture con attenzione anche alla produttività ed alla grammatura dei cioccolatini.

From the collaboration with the master chocolatier Massimo Carnio are born the innovative 3D polycarbonate moulds to create elegant fruit-shaped pralines. Easy to decorate with different techniques, they can be filled and emptied with simplicity, thanks also to a detail on the bottom that ensures a clean and more precise work. Designed to allow optimal crystallization of the chocolate and easy demoulding, they allow the creation of thin shirts to accommodate exciting fillings with attention to the productivity and weight of the chocolates.

PRALINE 3D

Stampo in policarbonato con calamite per la realizzazione di praline 3D, ideale da essere utilizzato con le macchine dosatrici automatiche.

Composto da tre parti: da base e coperchio, dotate di calamite, che definiscono la forma della pralina 3D e da una placca forata per una veloce lisciatura dello stampo dopo lo svuotamento del cioccolato in eccesso.

Polycarbonate mould with magnets for 3D pralines, ideal to be used with automatic dosing machines. Composed of three parts: base and lid, equipped with magnets, which define the shape of the 3D praline and a perforated plate for quick smoothing of the mould after emptying the excess chocolate.

Easter EGGS

PUZZLE

20U500

ø105 h 150 mm ~ 210 gr
prod. 1 uovo/egg

PUZZLE e **DRIP** sono i nuovi stampi per realizzare uova di cioccolato presentati per la Pasqua 2021. Il **design appositamente studiato** e la **qualità del materiale**, consentono la creazione di soggetti che risultano già decorati. Un semplice tocco di colore potrà aggiungere la personalizzazione desiderata.

PUZZLE and **DRIP** are the new chocolate egg moulds presented for the 2021 Easter season. The **specially developed design** and the **quality of the material** allow the creation of objects that will be already decorated. A simple touch of colour can be used to add the desired customization.

Professional Choco SCRAPERS

Le nuove raschie progettate e prodotte in Italia da Martellato rispondono alle esigenze dei cioccolatieri più attenti. Composte da una robusta **LAMA RIGIDA** in **ACCIAIO INOX** e proposte in differenti misure ed altezze per le diverse esigenze: **CORTA** per una maggiore sensibilità della mano o **LUNGA** per maggiore superficie di lavoro.

Il **MANICO SAGOMATO** in plastica **ANTISCIVOLO** è adatto a diverse impugnature e avvolge la lama per una completa sicurezza ed igiene.

The new scrapers designed and produced in Italy by Martellato meet the needs of the most demanding chocolatiers. Composed of a sturdy **STAINLESS STEEL RIGID BLADE** and proposed in different sizes and heights for different needs: **SHORT** for greater sensitivity of the hand or **LONG** for greater working surface.

The **NON-SLIPPING SHAPED** plastic **HANDLE** is suitable for different grips and it wraps the blade for maximum safety and hygiene.

Realizzato in materiale plastico termoresistente, con vasca e coperchio rimovibile in acciaio inox e sonda termica per la regolazione della temperatura del cioccolato. La scheda elettronica gestisce la resistenza interna e la rilevazione della temperatura del cioccolato tramite la sonda esterna per ottimizzare il raggiungimento del risultato richiesto e per consentire un più rapido e preciso scioglimento del cioccolato. Il pannello frontale fornisce suggerimenti per il temperaggio, regolabile manualmente o seguendo i 3 programmi differenti in base al tipo di cioccolato: bianco, al latte o fondente. Le indicazioni del display aiutano l'operatore a completare le fasi del temperaggio e del mantenimento del cioccolato.

DigitalMeltinchoc

MADE IN ITALY

Made of heat-resistant plastic material, with a stainless steel tank and removable lid and a thermal probe for the regulation of the chocolate temperature.

The electronic card manages the internal resistance and the chocolate temperature detection through the external probe to optimize the achievement of the required result and to allow a faster and more precise melting of the chocolate.

The front panel provides suggestions for tempering, adjustable manually or by following the 3 different programs according to the type of chocolate: white, milk or dark chocolate. The display indications help the operator to complete the tempering and chocolate maintenance phases.

Meltinchoc

MADE IN ITALY

MELTINCHOC ANALOGICI

I Meltinchoc sono degli strumenti indispensabili per la lavorazione del cioccolato. Precisione, design, semplicità e ingombro ridotto sono i principali vantaggi di questi dispositivi in grado di soddisfare anche i pasticceri più esigenti. Gli scioglitori a secco analogici sono dotati di una pratica **vasca in acciaio inox** removibile con scocca in plastica. Il termostato manuale permette di regolare e mantenere il cioccolato alla temperatura desiderata. Realizzati in materiale plastico termoresistente, gli scioglitori per cioccolato hanno capienze comprese tra 0,8 e 13 litri.

ANALOGUE MELTINCHOC

The Meltinchoc are essential tools for chocolate processing. Precision, design, ease of use and compactness are the main advantages of these devices, designed to meet the requirements of even the most demanding pastry chef. These dry heat analogue melters are equipped with a practical and removable **stainless steel tank** with plastic chassis. The manual thermostat allows you to adjust and maintain the chocolate at the desired temperature. Made with heat-resistant plastic, the chocolate melters can hold from 0,8 to 13 liters.

FONTANE PROFESSIONALI

Versatili, di facile utilizzo e di sicuro effetto. Ideali per pasticcerie, gelateria, ristoranti, alberghi e servizi catering.

Con le fontane si possono creare golose cascate di cioccolato per stupire gli ospiti con un effetto visivo a più livelli, al quale nessuno potrà resistere! Gli speciali accessori in plexiglass e le alzate completeranno l'allestimento di catering e banchetti indimenticabili per cerimonie ed eventi aziendali.

Realizzate in acciaio inox, mantengono il cioccolato fluido grazie alla regolazione della temperatura.

PROFESSIONAL FOUNTAINS

Versatile, easy to use and surely eye-catching. Ideal for bakeries, ice-cream shops, restaurants, hotels and catering companies.

With the stainless steel fountains you can create delicious chocolate waterfalls to surprise guests with a multi-tier visual effect nobody will be able to resist!

The special plexiglass accessories and stands will complete the setting up of unforgettable catering and banquets for ceremonies and corporate events.

Made of stainless steel, they keep the chocolate flowing thanks to the temperature regulation.

EVOLUTION

- ✓ MADE IN ITALY
- ✓ FUNZIONAMENTO SILENZIOSO
SILENT OPERATION
- ✓ COCLEA IN ACCIAIO INOX
STAINLESS STEEL AUGER
- ✓ VASCA SMONTABILE
DISASSEMBLING BOWL

Il funzionamento della fontana Martellato, realizzata in Italia, è molto semplice. E grazie alla nuova vasca in acciaio inox, anche lo smontaggio risulta facile e veloce. La forma della vasca, che può essere facilmente rimossa senza doverla svuotare, è pensata per impedire la fuoriuscita del cioccolato al momento dello smontaggio per una facile pulizia. La manopola per la regolazione della temperatura consente utilizzi prolungati, proteggendo allo stesso tempo la fontana dal rischio di surriscaldamento grazie allo spegnimento automatico. La quantità minima di cioccolato per farla funzionare è pari a circa 3,5 kg, ma può contenerne fino a 8 kg.

CHOCOBIGEV

Ø380 h800 mm
Capacità: circa 3,5 litri
230V - 50 Hz
Amps 1.6A - 370W

The operation of the Martellato fountain, made in Italy, is very simple. And thanks to the new stainless steel basin, disassembly is also quick and easy. The shape of the bowl, which can be easily removed without having to empty it, is designed to prevent chocolate from leaking out during disassembly for easy cleaning. The temperature adjustment knob allows prolonged use, while protecting the fountain from overheating thanks to the automatic switch-off. The minimum quantity of chocolate to make it work is about 3.5 kg, but it can contain up to 8 kg.

SEMIFREDDO & BAKING

The perfect baking solution

Fasce in silicone microforato, che abbinate agli stampi in acciaio inox, garantiscono cottura omogenea e senza umidità, sfformatura facile senza rotture e una texture regolare ed elegante.

Micro-perforated silicone bands, which combined with the stainless steel moulds, guarantee even cooking without humidity, easy demoulding without breakings and a regular and elegant texture.

"I MicroforatiBands sono la soluzione ideale per la razionalizzazione della produzione, la riduzione degli sprechi e un risultato estetico ineguagliabile."

"The MicroforatiBands are the ideal solution for production optimization, waste reduction and unique aesthetics results"

Denis Dianin AMPI Pastry Chef

EFFICIENZA PRODUTTIVA

- **RAZIONALIZZAZIONE DELLA PRODUZIONE**
semplificando i passaggi e riducendo i tempi di circa il 30%
- **COTTURA OMOGENEA E SENZA IMPERFEZIONI**
in quanto permette la fuoriuscita dell'umidità
- **SFORMATURA VELOCE E SENZA ROTTURE**
favorendo la rimozione del prodotto sia a caldo che a freddo
- **RIDUZIONE DEGLI SPRECHI E DEI COSTI**
meno spreco di prodotto perché si avrà il 99 % di successo nella produzione

PRODUCTION OPTIMIZATION

- **PRODUCTION RATIONALIZATION**
by simplifying the steps and reducing times by around 30%
- **EVEN COOKING WITH ZERO IMPERFECTIONS**
because they allow moisture to escape
- **QUICK DEMOULDING WITHOUT BREAKINGS**
by allowing the unmoulding of both hot and cold products
- **WASTE AND COST REDUCTION**
less product waste because you will have a 99% success rate with your production

RISULTATI PERFETTI

- **ADATTABILITÀ A TUTTE LE FORME E A TUTTE LE RICETTE**
- **TEXTURE ELEGANTE** ed esclusiva
- **BORDI SOTTILI e DRITTI**
che non collassano perché sostenuti dalla fascia
- **MINIMO SPAZIO DI STOCCAGGIO e FACILE GESTIONE**
lavaggio ed asciugatura rapidi

PERFECT RESULTS

- **ADAPTABILITY TO ALL SHAPES AND RECIPES**
- **ELEGANT AND EXCLUSIVE** texture
- **THIN AND STRAIGHT EDGES**
that don't collapse because supported by the band
- **MINIMUM STORAGE AREA AND EASY MANAGEMENT**
quick washing and drying

stampi silicone
silicone moulds

30x40

1 box: 2 stampi/moulds

Una linea di prodotti per cotture in forno, realizzati in silicone e fibra di vetro, pensati per facilitare il lavoro in laboratorio.

Le caratteristiche che li contraddistinguono, come l'alta qualità dei materiali e la texture microforata, consentono la diffusione uniforme del calore e l'uscita dell'umidità, riducendo i tempi di cottura e garantendo un risultato perfetto.

Tante forme ideali per le diverse preparazioni sia dolci che salate, come tartellette classiche e moderne, brioche e muffin.

Le creazioni risulteranno perfettamente croccanti e dalla forma impeccabile, senza bolle o cedimenti. Sono ideali anche per i lievitati, pasta frolla e brisée. I tappeti sono antiaderenti e possono essere usati da entrambi i lati, per preparare tartellette vuote o già farcite.

A line of products for oven baking, made of silicone and fibreglass, designed to simplify work in the laboratory.

The characteristics that distinguish them, such as the high quality of the materials and the micro-perforated texture, allow the uniform diffusion of heat and the exit of humidity, reducing cooking times and guaranteeing a perfect result.

The many different shapes are ideal for various preparations, both sweet and savoury, such as classic and modern tartlets, brioche and muffins.

The creations will be perfectly crunchy and impeccably shaped, without bubbles or sagging. They are also ideal for leavened products, shortcrust pastry and brisée.

The mats are non-stick and can be used on both sides to prepare empty or already filled tartlets.

1 confezione = 2 stampi 30x40 per teglie 60x40

1 pack = 2 moulds 30x40 for 60x40 trays

PLUS

La Rivoluzione degli Stampi

Una nuova generazione di stampi che stanno cambiando il modo di lavorare in laboratorio.

Pratici, economici e veloci, gli stampi monouso per torte e individual cake consentono di velocizzare la produzione, risparmiando tempo e riducendo i costi.

The Moulds Revolution

A new generation of moulds that are changing the way professionals work in the laboratory.

Practical, economical and fast, the disposable moulds for cakes and individual desserts allow to speed up the production, saving time and reducing costs.

MADE IN ITALY

**100% RECYCLABLE
THERMOFORMED PLASTIC**

“ One Strip è l'opportunità per il pasticcere di lavorare più velocemente, risparmiando tempo e spazio: un'occasione di guardare al futuro.

One Strip is the opportunity for the pastry chef to work faster, saving time and space: a chance to look at the future. ”

Champion du Monde

Plus Produttivi

- **RISPARMIO** di tempo, lavoro e spazio
- **PRODUZIONE PIÙ VELOCE**, con meno passaggi
- **RAFFREDDAMENTO RAPIDO** rispetto al silicone
- **SFORMATURA PRECISA** e senza rotture
- **STOCCAGGIO DIRETTO** degli stampi

Production plus

- **SAVINGS** of time, work and space
- **FASTER PRODUCTION**, with less steps
- **FAST CHILLING**, even more than silicone
- **PRECISE DEMOULDING** without any breaking
- **DIRECT** moulds storage

Perché scegliere One Strip?

Con gli stampi One Strip si avrà la RIDUZIONE del:

30% dei **TEMPI** di produzione

15% del **COSTO** dei materiali

20% della **MANODOPERA**

25% dei **CONSUMI**

Sarà possibile risparmiare fino al **30% dei costi di produzione**, rendendola più efficiente ed organizzata.

Why choose One Strip?

One Strip moulds allow:

30% reduction of production **TIMES**

15% reduction of **COSTS** of the materials;

20% reduction of the **LABOUR**

25% reduction of **ENERGY CONSUMPTION**

It will be possible to save the production costs up to 30% by making it more efficient and organized.

LE COMPONENTI INOX

CAKE IDEA presenta un nuovo concetto di componibilità verticale, per consentire ai pasticceri più innovativi e creativi di offrire torte multigusto e multiconsistenza, sempre più sorprendenti, con preparazioni semplici e veloci. Gli stampi permetteranno una costruzione stratificata del dolce, grazie alla presenza di un top essenziale per la creazione con diverse consistenze e che funge anche da elemento decorativo, permettendo giochi di volumi.

CAKE IDEA presents a new concept of vertical modularity, to allow the most innovative and creative confectioners to offer multi-flavoured and multiconsistency cakes, more and more surprising, with simple and quick preparations. The moulds will allow a layered construction of the cake, thanks to the presence of a top essential for creating with different consistencies and which also acts as a decorative element, allowing games of volumes.

FASCE ACCIAIO INOX STAINLESS STEEL BANDS

Martellato propone una linea completa di fasce in acciaio inox di alta qualità (AISI 304) con **bordi perfettamente dritti, lisci e spessi**, per una sformatura facile, una maggiore indeformabilità e dessert impeccabili.

Adatti all'utilizzo sia in forno, dove assicurano cottura uniforme, che in congelatore ed in abbattitore, per un completo e veloce raffreddamento.

La varietà di forme e dimensioni, unita alle ampie possibilità di personalizzazione del soggetto su richiesta, rendono le fasce Martellato delle soluzioni versatili in grado di soddisfare anche i pasticceri più esigenti.

Martellato offers a complete line of high quality stainless steel bands (AISI 304) with perfectly straight, smooth and thick edges, for easy demoulding, greater non-deformability and impeccable desserts.

Suitable for use both in the oven, where they ensure uniform cooking, and also in the freezer or blast chiller, for complete and quick cooling.

The variety of shapes and sizes, together with the wide range of customisation possibilities on request, make the Martellato bands a versatile solutions able to satisfy even the most demanding pastry chefs.

Acciaio inox - Stainless steel
120x138 h 140mm

GHIERA PER LIEVITATI

Realizzata con punte in acciaio inox, è adatta al contatto alimentare.

Di facile impilamento sia su carrelli che su rastrelliere murali.

Perfetto ancoraggio con tutti i tipi di stampi (colombe-stelle-cake-alberi etc..).

Impugnatura salda e sicura.

Ghiera in acciaio inox che permette una chiusura ottimale.

Support with nails for leavened doughs

Tips made of stainless steel
and therefore suitable for food contact.

Easy to stack both on trolleys and wall racks.

Perfect adhesion on all types of moulds
(colombe-stars-cake-trees etc..)

Firm and safe grip.

Stainless steel nail for optimal fastening.

Aghi girapanettoni lievitati
Pin to turn "panettoni"

53GP01 - 10 pcs

Spessore ago - Pin thickness: 2 mm

Lunghezza totale - Total length: 600 mm

YOUR EASY DESSERT

PRATICI, VELOCI E FACILI:

Gli stampi termoformati consentono di realizzare in pochi semplici passaggi semifreddi che si sformano facilmente e che si raffreddano perfettamente in tempi brevi.

PRACTICAL, QUICK AND EASY:

The thermoformed moulds allow to realize in a few simple steps semifreddi that can be easily demoulded and perfectly cooled in a short time.

CLASSIC SYSTEM

Barre in plastica per la produzione, sia dolce che salata, di monoporzioni e mignon. Il materiale rigido conferisce stabilità per una maggior precisione nella preparazione e maneggiabilità durante la lavorazione. Facili da riempire, anche senza teglia, e da spatolare per la chiusura. L'estrazione risulta facile anche con il prodotto non completamente congelato e grazie all'acetato non sarà necessario glassare.

Plastic bars for the production, both sweet and savoury, of single portions and mignons.

The rigid material gives stability for greater precision in preparation and handling during processing. Easy to fill, even without baking tray, and to spatulate for closing. Extraction is easy even when the product is not completely frozen and thanks to acetate there is no need to glaze.

La tradizione crea la modernità

Combinare gli elementi per dare vita a monoporzioni che, giocando con le proporzioni dei sapori, creano nuove armonie di gusto. Nasce con questo intento un progetto di dessert, pensato per la ristorazione, ma perfetto per la pasticceria moderna, che utilizzando semplici attrezzature consente risultati di alto livello.

Monoporzioni che accostano gusti, consistenze e colori per stimolare la voglia di assaggiare dei clienti, combinandoli a misure e forme diverse.

Tradition creates modernity

Combining the elements to give life to single portions that, playing with the proportions of flavors, create new harmonies of taste. With this intent a dessert project was born, designed for catering, but perfect for modern pastry making, which by using simple equipment allows high level results.

Monoportions that combine flavors, textures and colors to stimulate customers' desire to taste, combining them with different sizes and shapes.

ACETATI - ACETATE

Extra trasparenti, super resistenti, prodotti con materiale di alta qualità. Facili da usare per rivestire stampi e per realizzare e sfornare monoporzioni e mignon. Antiaderenti per uso alimentare. Adatti al raffreddamento in abbattitore, congelatore e frigo, ma non adatti alla cottura.

Extra-clear, super-strong, made of high-quality material. Easy to use for coating moulds and for making and unmoulding monoportions and mignons. Non-stick for food use. Suitable for cooling in blast chillers, freezers and fridges, but not suitable for baking.

Il materiale multistrato con il quale sono realizzati i nostri nastri proviene parzialmente da plastica riciclata. La loro speciale composizione li rendono idonei al contatto alimentare e rispettosi dell'ambiente.

The multi-layer material with which our ribbons are made comes partly from recycled plastic. Their special composition makes them suitable for food contact and environmentally friendly.

DeepMeltinchoc

MADE IN ITALY

Scioglitore a secco pensato per le gelaterie, grazie alla sua forma e dimensione è ideale per coperture in cioccolato di gelati e semifreddi su stecco. Presentato con colorazione classica, che ricorda i toni del cioccolato per adattarsi ad ogni tipologia di arredo e per essere utilizzato direttamente sul banco. Le caratteristiche tecniche del scioglitore analogici, tra cui il termostato che consente di regolare la temperatura e la vasca estraibile in alluminio anodizzato per una più facile pulizia, fanno di DEEP-MELTINCHOC un articolo essenziale.

Dry melter designed for ice cream parlours, thanks to its shape and size it is ideal for chocolate coatings of ice creams and semifreddi on sticks. Presented with the classical colour that recalls chocolate to be adaptable to any type of environment and to be used straight on the counter. The technical features of the analogical melter, including the thermostat that allows the temperature to be adjusted and the removable anodised aluminium tank for easier cleaning, make DEEP-MELTINCHOC an essential item.

Telai universali in acciaio inox smontabili per agevolare le operazioni di pulizia e manutenzione

Universal stainless steel removable frames to facilitate cleaning and maintenance

La chitarra è lo strumento ideale per tagliare in modo preciso cremini, ganache, gelatine, mignon e masse morbide.

La base di taglio è realizzata in resistente materiale plastico, i telai sono in acciaio inox e i fili intercambiabili singolarmente. La chitarra è composta da una solida base in plastica e da telai di diverse misure, fornibili separatamente in base alle esigenze del singolo operatore, oltre ad essere predisposta per il taglio e il calibro di grandi quantità di prodotti in modo preciso e privo di imperfezioni. Nella confezione delle basi sono presenti: 1 piatto in acciaio inox - 1 racla PST - 3 fili di ricambio - 2 chiavi per il fissaggio fili.

The guitar is the ideal tool for cutting cremini, ganache, jellies, mignons and soft masses precisely.

The cutting base is made of strong plastic material, the frames are made of stainless steel and the wires are individually interchangeable. The guitar consists of a solid plastic base and frames of different sizes, which can be supplied separately according to the needs of the individual operator, as well as being predisposed for cutting and calibrating large quantities of products precisely and without imperfections. In the packaging of the bases there are: 1 stainless steel plate - 1 plastic spatula - 3 spare wires - 2 keys for fixing wires.

DOUBLE

La chitarra doppia permette di tagliare rapidamente il prodotto in un unico passaggio.
Ideale per produrre perfetti quadrati e rettangoli di diverse dimensioni.

The double guitar allows you to quickly cut the product in a single operation.
Ideal for producing perfect squares and rectangles of different sizes.

CHITARRE A SPINTA DRIVING-FORCE GUITARS

Ideale per tagliare cremini e ganache con frutta secca o prodotti duri e piccola pasticceria anche a bassa temperatura. L'avanzamento del piano di lavoro avviene manualmente, attraverso un volantino azionato dall'operatore, che può controllarne la velocità. Il filo corto garantisce una maggiore resistenza meccanica e consente quindi di tagliare in porzioni precise anche gli impasti più duri o congelati. Facile da pulire, questo strumento non richiede alcuna manutenzione.

Ideal for cutting cremini and ganache with dried fruit or hard products and small pastries even at low temperature. The advancement of the work table is done manually, through a handwheel operated by the user, who can control its speed. The short wire guarantees greater mechanical resistance and therefore allows even the hardest or frozen dough to be cut into precise portions. Easy to clean, this tool does not require any maintenance.

Manopola di avanzamento grande per permettere un taglio più preciso e delicato

Inclusi nella confezione delle basi: 1 piatto inox - 1 racla PST - 2 chiavi per il fissaggio fili.
Included in the package: 1 stainless steel plate - 1 plastic spatula - 2 keys for wire fixing.

Ideali per tagliare **cremini e ganache con frutta secca o prodotti duri** e piccola pasticceria **anche a bassa temperatura**. L'avanzamento del piano di lavoro avviene manualmente, attraverso un volantino azionato dall'operatore, che può controllarne la velocità per permettere un taglio più preciso e delicato. Il filo corto garantisce una maggiore resistenza meccanica e consente quindi di tagliare in porzioni precise anche gli impasti molto duri o congelati. I telai ad incastro sono smontabili velocemente per agevolare le operazioni di pulizia e manutenzione e sono **forniti separatamente** in base alle esigenze del singolo operatore.

Ideal for cutting **cremini and ganache with dried fruit or hard products** and small pastries even **at low temperature**. The advancement of the work table is done manually, through a handwheel operated by the user, who can control its speed to allow a more precise and delicate cut. The short wire guarantees greater mechanical resistance and therefore allows even very hard or frozen dough to be cut into precise portions. The interlocking frames can be quickly disassembled to facilitate cleaning and maintenance operations and the frames are **supplied separately** according to the needs of the individual operator.

E-Turning Cake

L'indispensabile giratorta elettrico per il tuo laboratorio
Electric Cake Turntable: an essential tool for your laboratory

Composto da un **corpo stabile** con trascinatore circolare sul quale ruota un **piano perfettamente planare** in plexiglass, con **scala graduata** in cm ed inch, consente il corretto e costante posizionamento del prodotto e la misurazione del decoro.

The cake turntable is composed by a **stable base** with circular guide and **planar Plexiglas plate**, with **graduated scale** for the correct and constant positioning of the product and the measurement of the decoration.

Con il regolatore puoi **variare la velocità** e il **senso di rotazione**. I **led direzionali** indicano il senso di rotazione ed in base all'intensità la velocità. Il pratico tappetino in silicone antiscivolo garantirà maggiore stabilità durante la lavorazione.

The regulator allow to **vary speed** and **direction of rotation**. **LEDs indicate direction** and speed of rotation. The practical non-slip silicone mat will ensure greater stability during processing.

Il giratorta elettrico: compatto, pratico e leggero, che semplifica e aiuta il tuo lavoro.

The electric turning cake: compact, practical and light, that simplifies and helps your work.

STENDI PASTA - ROLLING MACHINE

La stendi pasta permette una grande economia di tempo e soprattutto non necessita di personale specializzato per operare. È stata ideata e realizzata per risolvere i problemi di formatura dei dischi per la preparazione di pizze, pane, focacce, tortine, ecc. La macchina lavora a freddo e non altera le caratteristiche della pasta.

La stendi pasta è di semplice utilizzo e offre una qualità costruttiva di altissimo livello.

Selezionare gli spessori per l'impasto finale è un'operazione rapida ed intuitiva.

The rolling machine allows a great economy of time and above all it does not require specialised personnel to operate. It is designed and manufactured to solve the problems of forming discs for the preparation of pizzas, bread, focaccia, cakes, etc.. The machine works cold and does not alter the characteristics of the dough.

The rolling machine is easy to use and offers the highest level of construction quality.

Selecting the thicknesses for the final dough is a quick and intuitive operation.

PROFESSIONAL TOOLS

UNA LINEA COMPLETA DI SAC À POCHE MONOUSO
A COMPLETE LINE OF DISPOSABLE PASTRY BAGS

MADE IN ITALY by MARTELLATO

RESISTENTI, ANTISCIVOLO, IGIENICHE, FACILI
DA UTILIZZARE, CON SALDATURA SOTTILE
RESISTANT, NON-SLIP, HYGIENIC, EASY TO USE,
WITH THIN SEAL

ALTA QUALITÀ MADE IN ITALY

Pensate per facilitare il lavoro quotidiano dei professionisti grazie alle caratteristiche dei diversi modelli, le sac à poche monouso Martellato sono conosciute ed apprezzate in tutto il mondo.

La produzione è interamente italiana, dalla materia prima accuratamente selezionata alla lavorazione, sotto l'attento controllo di Martellato che, grazie all'impiego delle più **moderne tecnologie** e nel rispetto delle direttive internazionali, è in grado di offrire **sacchetti di alta qualità**.

I NOSTRI PLUS

Velocità e precisione, **presa sicura** antiscivolo e **alta resistenza**, fanno delle sac à poche prodotte da Martellato un prezioso alleato di pasticceri e chef. Un'unica **saldatura**, **più sottile** per consentire maggiore praticità e **più resistente** per evitarne la rottura durante l'uso, insieme al **materiale multistrato di alta qualità**, garantiscono la durata delle sac à poche per molto tempo, consentendo di riempirle più volte durante l'utilizzo. Possono essere utilizzate con composti caldi e freddi, duri o morbidi e sono adatte per l'utilizzo sia in abbattitore che in microonde.

HIGH QUALITY MADE IN ITALY

Designed to facilitate the daily work of professionals thanks to the characteristics of the different models, the Martellato disposable pastry bags are known and appreciated all over the world.

The production of the pastry bags is entirely Italian, from the raw material to processing, under the careful control of Martellato that, thanks to the use of the most **modern technologies** and in compliance with international directives, can offer **high quality bags**.

OUR PLUS

Speed and precision, non-slip **secure grip** and **high resistance**, make the pastry bags produced by Martellato a precious ally of both confectioners and chefs. A **single seal**, **thinner** for improved practicality and more resistant to prevent any breakage during use, together with the high quality **multi-layered material**, guarantee these pastry bags last over time, allowing to fill them over and over again during the use. They can be used with hot or cold, hard or soft preparations and are suitable for refrigerators and microwave ovens.

SuperFlex

Simply **unbreakable!**

Il nuovo sacchetto è realizzato in materiale innovativo, idoneo al contatto alimentare, che conferisce al prodotto un'elevata resistenza, flessibilità e morbidezza.

Superflex presenta una superficie liscia all'interno, che facilita la fuoriuscita del prodotto, e ruvida all'esterno, per garantire un'impugnatura più sicura. Elevatissima resistenza alla trazione e facilità di lavaggio e pulizia, conferiscono una durata di molto superiore a quella degli altri sacchetti in commercio, che utilizzano materiali diversi.

Grazie allo speciale sistema di saldatura del sacchetto, l'igiene è maggiormente garantita. Non trattiene né assorbe lo sporco e l'impermeabilizzazione è resistente nel tempo, non essendo soggetta ad usura.

Resiste fino a 100°C ed è adatto al microonde.

The new pastry bag is made of an innovative material that is suitable for food contact and gives the product high resistance, flexibility and softness.

Superflex has a inner smooth surface which facilitates the release of the cream, and a rough one on the outside in order to ensure a safer handle.

Very tensile strong and easy to wash and clean, they give a much longer durability than other bags on the market, made of different materials.

Thanks to the special sealing system of the bag, hygiene is highly guaranteed.

As not subject to wear, the pastry bag neither retain nor absorb dirt and the waterproofing will be resistant over time.

It resists up to 100°C and is suitable for microwave use.

Professional Choco SCRAPERS

Le nuove raschie progettate e prodotte in Italia da Martellato rispondono alle esigenze dei cioccolatieri più attenti. Composte da una robusta **LAMA RIGIDA** in **ACCIAIO INOX** e proposte in differenti misure ed altezze per le diverse esigenze: **CORTA** per una maggiore sensibilità della mano o **LUNGA** per maggiore superficie di lavoro.

Il **MANICO SAGOMATO** in plastica **ANTISCIVOLO** è adatto a diverse impugnature e avvolge la lama per una completa sicurezza ed igiene.

The new scrapers designed and produced in Italy by Martellato meet the needs of the most demanding chocolatiers. Composed of a sturdy **STAINLESS STEEL RIGID BLADE** and proposed in different sizes and heights for different needs: **SHORT** for greater sensitivity of the hand or **LARGE** for greater working surface.

The **ANTI-SLIP SHAPED** plastic **HANDLE** is suitable for different grips and it wraps the blade for maximum safety and hygiene.

TELI COPRI IMPASTO DOUGH PROOFING SHEETS

Ideali per proteggere gli impasti durante la lievitazione conservando il giusto livello di umidità, riparando da agenti esterni ed aria. I teli sono utili per coprire i prodotti da forno durante il raffreddamento in modo da trattenere gli aromi che si sprigionano subito dopo la cottura. Realizzati in **trasparente polietilene alimentare**, destinati ad uso professionale, garantiscono la massima igiene, praticità d'uso e durata nel tempo.

Ideal for protecting doughs during leavening and maintaining the right level of humidity, protecting from external agents and air. The sheets are also useful for covering baked goods during cooling in order to retain the aromas that are released immediately after cooking. Made of **transparent food-grade polyethylene**, for professional use, they guarantee maximum hygiene, practical use and durability.

SUGAR DRESS

Preparato per la creazione di pizzi e decorazioni per torte, pasticcini e cupcake.

Sugar dress è un sistema facile e veloce per ottenere un decoro raffinato e di grande effetto. È sufficiente aggiungere ai due preparati dell'acqua, mescolare bene il composto e spalmarlo con una spatola nell'apposito tappetino Martellato.

Prepared for the creation of lace and decorations for cakes, pastries and cupcakes.

Sugar dress is an easy and quick system to obtain a refined and impressive decoration. Simply add water to the two preparations, mix the mixture well and spread it with a spatula in the special Martellato mat.

Dalla collaborazione con Massimo Carnio, Campione del Mondo all'edizione 2020 della Gelato World Cup e campione italiano al World Chocolate Masters di Cacao Barry, nasce la nuova linea di coloranti che consente ai professionisti di esprimere la loro creatività artistica.

"È il colorante adatto per dipingere o disegnare vere opere d'arte su qualsiasi supporto, sia su soggetti in pasta frolla che in cioccolato, dove ognuno può rappresentare il suo stile."

From the collaboration with Massimo Carnio, World Champion at the 2020 edition of the Gelato World Cup and Italian World Chocolate Masters of Cacao Barry, comes the new line of colorants that allows professionals to express their artistic creativity.

"It's the right dye for painting or drawing real works of art on any medium, whether on short pastry or chocolate subjects, where everyone can represent their own style."

EASY COLOR

WATER - SOLUBLE

Colorante liquido pronto all'uso, pensato per assicurare una nebulizzazione perfetta ed omogenea sulla superficie di torte e dolci attraverso l'utilizzo di aerografi.

Grazie alla sua formula idrosolubile, è ideale anche per la colorazione in massa di pan di spagna, panna, crema, gelatina, pasta di mandorle, marzapane e bevande in genere.

Ready-to-use liquid colour, designed to ensure a perfect and homogeneous nebulization on the surface of cakes and sweets through the use of airbrushes.

Thanks to its water-soluble formula, it is also ideal for the mass coloring of sponge cake cream, cream, jelly, almond paste, marzipan and drinks in general.

CHOCOLOR

Food Coloring Cocoa Butter

Burro di cacao colorato, ideale per la colorazione e decorazione di cioccolato e masse grasse.

Coloured cocoa butter, perfect to colour and decorate chocolate and fat masses.

Il maestro cioccolatiere Massimo Carnio, campione italiano al World Chocolate Masters di Cacao Barry e vincitore della Coppa del Mondo della Gelateria 2020 ha collaborato con Martellato per ottimizzare la gamma di burri di cacao colorati, creando un prodotto unico nelle prestazioni.

"Da molti anni, lavorando con il cioccolato, avvertivo la necessità di un prodotto che mi garantisse un risultato sempre perfetto. Con Martellato abbiamo lavorato sulla composizione e sulle tonalità per ottenere il prodotto ideale".

Master chocolatier Massimo Carnio, Italian winner of the Cacao Barry World Chocolate Masters and winners of Gelato World Cup 2020 has worked with Martellato to optimize the range of colored cocoa butters, creating a unique product in performance.

"For many years, working with chocolate, I felt the need for a product that would always guarantee me a perfect result. With Martellato we worked on the composition and tonalities to obtain the ideal product".

CMC

40-W042
40 gr

Additivo alimentare utilizzato come addensante. Aggiungendolo alla pasta zucchero si ottiene una pasta più resistente e più facile da modellare.

Food additive used as thickener. By adding it to the sugar paste it produces a more resistant and easier to shape paste.

GLUE

40-W166
25 gr

Colla alimentare per la creazione di soggetti in pasta di zucchero e cialda.

Food glue for the creation of sugar paste and wafer subjects.

SHINY

Gommalacca liquida da utilizzare con aerografo ideale per lucidare e proteggere superfici a base di zucchero e cioccolato.

Liquid shellac for airbrushes use ideal for polishing and protecting sugar and chocolate surfaces.

BANQUETING

NATURAL

Catering Solution

Naturalmente MONOUSO

Versione ecologica che rispetta l'ambiente dei prodotti monouso dedicati al catering. Realizzati in PLA INGEOTM, un rivoluzionario biopolimero compostabile brevettato, derivato da piante e a sua volta prodotto in modo naturale, sono adatti sia nelle pasticcerie che per gli eventi.

Naturally DISPOSABLE

An eco-friendly version of disposable items dedicated to catering. Made PLA INGEOTM, a revolutionary patented compostable biopolymer derived from plants and in turn naturally produced, they are suitable both in pastry shops and for events.

LA SCELTA CHE RISPETTA L'AMBIENTE

Una volta utilizzati i prodotti sono totalmente compostabili, cioè a determinate condizioni si decompongono completamente, non lasciando nessun residuo visibile o tossico per l'uomo e l'ambiente.

THE CHOICE THAT RESPECTS ENVIRONMENT

Once used, these items are totally compostable, that means they completely decompose under certain conditions without leaving any visible neither toxic remain for environment and man.

QUALITÀ E RISPETTO DEL PIANETA

Grazie all'utilizzo di questo materiale eco-friendly di elevata qualità e versatilità, le caratteristiche che rendono unici i prodotti della linea rimangono inalterate e nel rispetto delle normative europee di idoneità al contatto alimentare.

QUALITY AND RESPECT FOR THE PLANET

By using this high quality and versatility eco-friendly material, the features that make these products range unique remain unchanged and respectful of European laws of suitability for food contact.

ELEGANT

Catering Solution

Design e qualità contraddistinguono gli eleganti ed infrangibili articoli monouso ideali per ogni professionista del settore HORECA, della pasticceria e della gelateria. **Realizzati da Martellato** con materiale di alta qualità, che conferisce, oltre alla resistenza, anche lucidità e trasparenza. Prodotti in Italia, gli articoli monouso Martellato rappresentano la più valida alternativa al vetro.

Design and quality characterise the elegant and unbreakable disposable items ideal for every professional in the HORECA, pastry and ice-cream sector. **Made by Martellato** with high quality material, which gives, in addition to resistance, also lucidity and transparency. Produced in Italy, the Martellato disposable items provide the most valid alternative to glass.

I MONOUSO RIUTILIZZABILI

Rispettano l'ambiente due volte. Grazie al materiale di alta qualità con il quale sono prodotti, i piattini per individual dessert - così come tutti i gli articoli della linea Elegant Catering Solution - **possono essere riutilizzati più volte.** E una volta gettati, sono riciclabili al 100%.

THE REUSABLE DISPOSABLE

They respect the environment twice. Thanks to the high quality material with which they are made, the plates for individual desserts - like all the items of the Elegant Catering Solution line - **can be reused several times.** And once disposed, they are 100% recyclable.

MULTI ICE revolution

Multi Ice Revolution. Stampi in speciale materiale plastico con l'aggiunta di uno strato esterno di resina arancione che conferisce ai due gusci più elasticità e resistenza durante l'espansione del ghiaccio. La guarnizione siliconica posizionata all'interno del guscio ed il sistema di fissaggio composto da un kit di volantini non permettono la fuoriuscita dell'acqua e consentono di riutilizzare più volte lo stampo.

Multi Ice Revolution. Moulds made of special plastic with an additional external orange resin layer which makes the two shells more elastic and more resistant against ice expansion.

The silicone packing inside the shell and the fixing screws do not let the water come out and assure that the mould can be reused many times.

MIP

La pompetta tiene in movimento l'acqua all'interno dello stampo durante il processo di congelazione. Con l'aiuto di questo accessorio la scultura di ghiaccio risulterà più trasparente.

The Air pump makes the water circulate inside the mould during the process of freezing. With the help of this accessory, the resulting ice sculpture will be more transparent.

Supporto per pompetta Air pump support
